

Notice of Public Open House Cannabis Legislation and Policy Study

PURPOSE:

The Federal Cannabis Act came into effect in October 2018, legalizing the production, sale and use of cannabis for recreational purposes in Canada.

While the production of cannabis is addressed by the Fort Erie Official Plan and the Town's Comprehensive Zoning By-law, these development policies are reflective of the 2014 Marijuana for Medical Purposes Regulations. With the 2018 change in legislation, commercial cannabis production is now permitted for both medical and recreational purposes. The Town's planning policies no longer capture the full range of legal uses.

The purpose of this Study is to examine the jurisdiction of the Town to regulate activities permitted under the Federal Cannabis Act relative to the commercial growing and production of cannabis, and to assess and recommend changes to the Official Plan, Zoning By-law, and other Town documents to regulate cannabis production as a land use.
